Session quick reference

High-Impact Teaching Math Tools Without the Price Tag

The session

High-Impact Teaching Math Tools Without the Price Tag

Your 50-minute route

0-5 min: Which graph tells the truth?

5-15 min: Make mathematics visible

15-35 min: Investigate with GraphSplat

35-45 min: Check what sticks

45-50 min: ACE your math lesson

Participation

Think, vote, explain, check, revise. Use fingers, a neighbor explanation, paper, or optional browser controls. Stay in your seat; no account or submitted responses.

Featured tools

Digital Math Tools

https://mglearn.github.io/activities/digitalmathtools/

Purpose: Make number relationships visible.

GraphSplat

https://splatworks.org/solutions/graphsplat/

Purpose: Investigate data.

Quiz and Flashcard Studio

https://splatworks.org/solutions/quiz-flashcard-studio/

Purpose: Retrieve prior learning.

Strategy connections

Teacher clarity; direct instruction; argumentation; mathematical problem solving; corrective feedback; retrieval practice; transfer strategies.

Before tomorrow

Choose one mathematical goal, one strategy, and one tool serving that goal. Decide what students will explain and how you will respond to a misconception.
