One-page project charter

Problem and intended outcome

What need does the project address? What result could be accepted?

Scope and exclusions

What is included? What is explicitly outside this project?

Authority and ownership

Who sponsors, approves, does, and accepts the work?

Milestone and dependency

What must be ready before the next milestone? Who owns it?

Risk and decision

What early signal requires attention? Who can decide?

Evidence of success

Name delivery evidence and evidence of use/adoption.
