Micro-teaching observation guide

Before watching

Video: Wait Time – Secondary: Phil Fowkes at Reach Academy. Focus: questioning, thinking time, and student participation. What would help us understand whether students had time to think?

Notice: what happened?

Observation 1: _____

Observation 2: _____

What did the teacher and students say or do? What can you verify?

Wonder: what questions arise?

I wonder: _____

Additional evidence needed: _____

Next: what could be tried?

One possible adjustment: _____

Evidence to collect: _____

Reflect

What did video help you notice that you might miss in real time? Which question encouraged reflection?
